

**Key Account Principal  
Infrastructure, Transport**

**ARCADIS is** a leading international company providing services across three fully integrated business lines: Infrastructure, Environment and Buildings. We work diligently to deliver successful solutions that meet client objectives and to realise our vision to inspire extraordinary environments.

With a wealth of experience in the UK market we have the expertise and local knowledge to deliver results quickly and effectively, while ARCADIS' global reach and 'one team' approach means projects can operate seamlessly across multiple geographies. Clients value the fact that they get the reliability and scalability of a global brand with the agility and understanding of a local player.

**In Infrastructure** we primarily work for clients in the transport, water and energy sectors enabling them to achieve their goals by providing cost, programme and project management consultancy.

**The main function of the role is** to help build a leading consultant position for ARCADIS with Transport for London under the new Commercial Services Framework actively contributing to the achievement of sector business plan and the growth and development of the Transport sector, realising ambition to become a national transport consultancy business.

**The ideal candidate will** be inspirational and has the drive to achieve. The job requires that tangible, measurable results are to be obtained despite opposition or resistance to their accomplishment. There may be pressure to meet deadlines in an environment laced with a wide variety of problems and unexpected interruptions. Communication and people skills are important aspects of the job. The incumbent will be self-starting, competitive, imaginative, direct, influential, persuasive and self-confident. Independence, mobility, activity, pace and authority are also factors for success.
